1

SLIMMING

Lose inches off your body without Crash Diets / Exercise / Surgery / Medication. Foodies, Slow Metabolism, Thyroid / PCOS, Pregnancy, Age Related are some of common reasons for people to gain fat. The fat loss is achieved through Slimming Machines, Metabolism Boosting Diet and Motion Regulation. We insist you to take a FREE DEMO session to feel the difference.

Meant for: Bulging Tummy, Flabby Arms, Heavy Thighs, Lumpy Cellulite, Soft Love Handles, Those Bra Handles, Back Handles, Oversized Bust & Chest, Way-too broad Hips, Unsightly Tyres.

2

HAIR REGENERATION

Say goodbye to hair loss with Platelet-Rich Plasma (PRP), Stem Cell Therapy and Low Light Laser Treatment. These breakthrough treatments use your body's own resources to stimulate natural hair growth. PRP therapy involves extracting platelet-rich plasma from your blood and injecting it into the scalp. This concentrated source of growth factors kickstarts dormant follicles, promoting thicker, healthier hair. Stem Cell Therapy takes it further by introducing potent plant stem cells to repair damaged follicles and enhance hair growth and quality. Low Light Laser controls and arrests the untoward hairfall during and post treatment. Safe, minimally invasive, and tailored to your needs, Hair Regeneration treatment as a comprehensive multi modality approach offers a holistic solution to hair loss. Say hello to fuller, more confident hair today.

Meant for: Hair Loss, Thinning, Postpartum Hair Loss, Preventive Care, Receding Hair Line, Balding and more.

*Clinical treatments are dynamic, hence the prices might vary. Please speak to the Center Manager for more details.

3

LASER HAIR REDUCTION

Say goodbye to unwanted hair and make way for Smooth hair-free skin today and everyday! Laser treatment is painless - safe - effective hair reduction method for today's men and women who like to wear their skin right, at all times. No more embarrassing hair pop ups and freedom from the monotony of shave it - trim it - wax it rut. Smooth hair-free skin with Laser Hair Reduction treatment the feeling of being a King or a Queen begins from within! Who you are inside is what you reflect outside. And what could feel better than the smoothness of your hair-free skin. Hair-free, Hassle-free - the Laser way! We're still wondering if Laser Hair Reduction Treatment is vanity or plain practicality? Book your DEMO Now.

Meant for: Face, Hands, Legs, Under Arms, Chest, Back, Bikini Line and more.

4

FILLERS & BOTOX

Regain a youthful complexion with the transformative power of fillers and Botox. These non-surgical treatments offer effective solutions to combat signs of aging and enhance facial aesthetics. Fillers, also known as dermal fillers or injectable implants, are gel-like substances injected beneath the skin's surface to restore volume, smooth lines, and enhance facial contours. Whether it's plumping lips, softening wrinkles, or sculpting cheekbones, fillers provide natural-looking results with minimal downtime. Botox, on the other hand, works by temporarily relaxing facial muscles responsible for wrinkles and lines. By targeting dynamic wrinkles caused by repetitive facial movements, such as frown lines and crow's feet, Botox smoothens the skin, resulting in a more youthful and refreshed appearance.

*Clinical treatments are dynamic, hence the prices might vary. Please speak to the Center Manager for more details.

5

MEDIFACIALS & LASER TREATMENT

Illuminate your skin's natural beauty with the transformative power of medifacial and laser treatments. Utilizing advanced laser technology, these procedures offer a non-invasive solution to various skin concerns, delivering remarkable results with minimal downtime. Medifacial and laser treatments work by targeting specific skin concerns, such as uneven skin tone, fine lines, wrinkles, acne scars, and pigmentation issues. By harnessing the precision and effectiveness of laser energy, these treatments stimulate collagen production, promote cell turnover, and rejuvenate the skin from within.

Meant for: Uneven Skin Tone, Hyperpigmentation, Sun Damage, Overall Skin Rejuvenation.

6

SEMI-PERMANENT MAKEUP (SPMU)

Define your natural beauty with Semi-Permanent Makeup (SPMU), a revolutionary cosmetic procedure that enhances your features with long-lasting results. SPMU utilizes specialized techniques to implant pigments into the skin's top layers, offering a semi-permanent solution to various cosmetic concerns.

Meant for: Defined Brows, Luscious Lips, Face Foundation (BB Glow).

7

COLLAGEN & LASER MANI-PEDI

Where beauty meets innovation! We're excited to unveil our latest breakthrough - The Collagen based and Laser based Mani-Pedi. Collagen-infused treatments and unveil hands and feet that exude beauty, vitality, and youthfulness. Laser addresses skin issues like tan, pigmentation and marks, ensuring a comprehensive beauty experience. Traditional manicures and pedicures focus only around nail grooming, with some dead skin scrubbing and massaging. It doesn't work on marks and dullness. This works towards flawless, radiant hands & feet along with well groomed nails.

Meant for: Sun Exposed Skin, Hydration, Anti Ageing, Overall Maintenance.

8

BOOSTER IV & DRIPS

Experience a transformative aesthetic solution with Booster IV and Drip Treatment, a rejuvenating therapy designed to nourish and revitalize your skin-hair-body from the inside out. These Booster IVs and Drip Treatment delivers a potent blend of vitamins, antioxidants, hydrating agents and metabolism boosters that directly into your bloodstream, offering a range of benefits to enhance your health and appearance.

Meant for: Detoxification, Collagen Stimulation, Brightening Complexion, Hair Regeneration, Slimming, Metabolism Boosting.
